

QWidget

ConversionDialog

ConversionDialog

```
classDiagram
    QWidget <|-- ConversionDialog
```

The diagram illustrates a class hierarchy. At the top, there are two boxes: 'QWidget' on the left and 'ConversionDialog' on the right. Below these, centered, is a third box labeled 'ConversionDialog'. A horizontal line connects the bottom of the 'QWidget' box to the bottom of the 'ConversionDialog' box below it. From the center of this horizontal line, a vertical line extends downwards to the top of the bottom 'ConversionDialog' box. From the left end of the horizontal line, an arrow points upwards to the bottom of the 'QWidget' box. From the right end of the horizontal line, an arrow points upwards to the bottom of the 'ConversionDialog' box above it. This structure represents the 'ConversionDialog' class inheriting from the 'QWidget' class.
